GDPR Assurance Packages

From 25th of May 2018, every website collecting data from all 28 European Union (EU) citizens must meet the strict new rules around protecting customer data, so called the GDPR requirements, under penalty of 20 mln EUR/4% of global company turnover fine.

We help companies assure that their websites are GDPR compliant by implementing appropriate technical changes, no matter the framework.

PHP

Symfony

WordPress

Presta Shop

OXID

Magento

HTML5

WooCommerce

Drupal

Custom
Frameworks

WordPress Basic Package

We will

- prepare your website to be technically ready for GDPR requirements.
- add required by law disclaimers next to each form on the website.

Pricing

99€

one time fee

See details on the following slides

WordPress Basic Package

Following mechanisms will be implemented on your website:

RIGHT TO BE FORGOTTEN

Easily accessible form for your users to request deletion of stored data.

PERSONAL DATA ACCESS

Dedicated form for your users to access currently stored personal data.

PSEUDONYMISATION

Pseudonymize user data stored in database and make all users' information safe even in case of breach.

COOKIES CONSENT

Create fully customizable box for Cookie Consent and block all cookies until cookie consent is given.

SERVICES CONSENT

Predefined integrations for most popular WordPress plugins like WooCommerce, Contact Form 7, Gravity Forms, Mailchimp, Events Manager.

BREACH NOTIFICATION

Send global email notifications to all your users about data breach, in case it happens.

PRIVACY BY DESIGN

Manage, encrypt and erase all users' data easily via WordPress admin panel.

DATA PORTABILITY

All user data can be easily exported to json format or text files with an option to automatically send it via e-mail.

TERMS & CONDITIONS PAGES

Set up redirects for your Terms & Conditions and Privacy Policy pages until consent is given.

WordPress Basic Package

Our solution will support following languages of the website user interface:

WordPress Full Package

We will make your website GDPR ready both in terms of technical solutions and formal documents. This package contains everything that **WordPress Basic Package** does plus creation of formal documents.

WordPress
Basic Package

Terms & Conditions page

Privacy Policy page

Cookie Policy page

The content of these pages is crafted to fit exact data gathered by your website and is consulted with the attorney.

Pricing

499€

one time fee

WordPress Sleep Well Package

That package gives you peace of mind. We monitor your page on a daily basis, to see if no newcookies or new forms were created.

If any new cookie or form is detected, one of our specialists instantly updates required documents on your website, adapt consent boxes and assures all required disclaimers are in place.

Pricing

49€

monthly fee

Non – WordPress Basic Package

We will

- ... prepare your web site to be technically ready for GDPR requirements.
- ... add required by law disclaimers next to each form on the website.

299€–399€

one time fee

- * Please note that the final quote of the GDPR optimizations on **Non – WordPress** websites requires prior access to the website's backend and review of the website technology.

See details on the following slides
